Autumn Lanka Travels

Sri Lanka - The Small Miracle

You will know that you have come to your destination when the air becomes sweet with the fragrance of the cinnamon and the sky reveals before you as the most beautiful of the oceans. You don't know what small miracle is waiting in this Island of opportunities.

Sri Lanka is a country for discovering across the interaction with their people. With a history of more than two thousand years, Sinhalese people have support patiently and with wisdom all the vicissitudes that the destiny has presented without losing his own identity and traditions.

The Island of the Gems hangs as a brilliant emerald, although the diamonds are in his rivers and the pearls in his valleys.

Sri Lanka is a country of constant smiles, maybe due to the performance that surround its daily life: fisherman in stilts along the south coast, young couples walking around of the walls of the Dutch fort of the 17th century, children tasting a hot curry, exuberant whirlpools of the Sinhalese alphabet, the Buddhists multicolored flags, captivating sunsets in the beaches, fruits and spices that show themselves on the markets and the kaleidoscope of saris. For the traveler, it's a festival without end.

Sri Lanka

Location

The island of Sri Lanka is situated in the Indian Ocean, close to the southern tip of Indian, to the southwest of the Bay of Bengal. It is separated from the Indian subcontinent by the Gulf of Mannar and the Palk Strait. The island is 700 km distance approximately from the Maldivian islands. According to Hindu mythology, a land bridge linked the Indian mainland, known as Rama's Bridge, was constructed during the time of Rama by the vanara architect Nala. Because of its location and importance the island, had been known by various names in the past such as "Pearl of the Indian Ocean", "Serendib", "Taprobane" "Sea Land" & "Ceylon". In 1972 the traditional name "Sri Lanka" came into use.

Sri Lanka - The Small Miracle

Geography

6 - 10 North Latitude and 80 - 82 East Latitude

Maximum Length - 432 Km

Maximum Breadth - 224 Km

Land Area - 65,610 Sq. Km

Climate

Sri Lanka is situated about 6° north of the equator. Therefore its tropical temperature varies around 26 °C – 32 °C at sea level and in the central hills it ranges from 9 °C – 22 °C through the year. Rain falls are experienced during two monsoons: south-west monsoon which begins from May to September and the north-east monsoon from December to February. Atmosphere is fresher by the currents of Indian ocean, and one can travel to Sri Lanka throughout all year, without any problem, but the best season is between November and April, with a beautiful blue sky and calm enough sea.

Population

The population of the country is about 20 million, having the capital city Colombo and adjoining western region house the highest density.

Ethnic Consistency

The multi-ethnic Sri Lankan society consists of Sinhalese who account for more that 83% of the population, Tamils with more than 8% of the share, and other minority clans including Muslims, Burghers and Vedda.

The ethnic heritage of Sri Lankan people is characterized by two main aspects - language and religion. The Buddhism is followed by the majority while Tamils are predominantly Hindúes (7,1 %), and Christians (6,2 %), Muslims (7,6 %), are practiced by the others.

Sri Lanka - The Small Miracle

Languages

Sinhala & Tamil are the official and national language. Sinhala is an Indo-Arya language which is derived from an ancient language called "Sanskrit". English is called a link language and is spoken widely throughout the country except the most rural areas.

Time

Sri Lanka's standard time is +5.30 hours from Greenwich Mean Time.

Business & Trade

Sri Lanka had been known as a hot-spot in business & trade of South East Asia from the past. In the early days spices & gems were sold mainly. Chronicles say that for Julius Caesar's army, elephants were taken from here. Today the main exports are tea, rubber spices, gems & jewelleryes and garments.

Culture & Tradition

Many historic inherited traditions are still followed by the locals up to this date. Holidays and festivals in Sri Lanka are an essential part of culture. The Sinhalese and Hindus celebrate their new year in mid-April. On the full moon day of every month, the Buddhists spiritually observe a Poya Day.

Kandyan tradition is one such dominant tradition which is still alive in all its glory. Every July or August, thousands of Sri Lankans travel to the hill city of Kandy to watch dancers, acrobats, drummers, whip crackers, flame throwers and more than 100 elegantly decorated elephants parade through the streets during Esala Perahera. This is a 10-day festival in honor of to the country's most prized possession, the Tooth Relic of Lord Buddha.

Sri Lanka - The Small Miracle

Gastronomy

Due to its proximity to South India, the cuisine of Sri Lanka shows some influence, yet is in many ways quite distinct.

If hot and spicy flavors get your appetite roaring, Sri Lanka is the place to be. The Sri Lankan staple dish is rice with curry, which could be made with vegetables, meat or fish. Most signature dishes of the island are concocted using coconut milk as a base, which makes the consistency richer and bestows that characteristic flavor.

Sri Lanka's tea plantations are not only a bewitching spectacle, but also amongst the top producers of tea in the world. Some local alcoholic brews are Toddy and Arrack made from palm fruit.

A word of caution to the uninitiated: "sambols" are fiendishly hot and could leave you with a red face.

Sri Lanka has long been renowned for its spices. In the 15th and 16th centuries, traders from all over the world came in search of fragrant and aromatic cardamoms, cloves, nutmeg and cinnamon.

Adaptors

Sri Lanka uses a range of sockets, so your full range of travel adaptors may come in useful.

Passports & Visas

Visitors must apply for the Electronic Travel Authorization via www.eta.gov.lk established in the Department of Immigration and Emigration.

Autumn Lanka Travels (Pvt) Ltd

Introduction

AUTUMN LANKA TRAVELS's magic is firm belief in what we do, that with every experience believes itself a new life inside the own.

CSR PROJECT

Autumn Lanka Travels (Pvt) Ltd CSR Projects / Initiatives

Autumn Lanka Travels takes its CSR efforts serious and has conducted many a national level and community level programmes and schemes to support the varied requirements and groups. We have endeavored to touch almost all aspects of CSR in our sustainability efforts including education, arts & culture, sports, communality development and Religious.

We believe in sharing our success with the less fortunate Citizens of Sri Lanka and have embarked on a number of Corporate Social Responsibility initiatives, island wide. Our most recent project was built up a pathway to "Gorakadeniya Lanka Ramaya" temple.

Presently we are carrying a scholarship program in Payagala area where we based. The purpose of this program is to provide educational stationeries and computer equipments to the children in the families with the financially difficulties.
